

ALLIED HEALTH ASSISTANT PROGRAM

About us:

Founded in 2004, Communication and Speech is in our DNA. We have an amazing team of therapists working with clients across Sydney, Melbourne, Brisbane, Canberra, Newcastle, Central Coast and Wollongong.

Our rewarding program, rich with learning experiences provides an immediate pathway to Speech Pathologist roles for graduates within our growing practice.

ALLIED HEALTH ASSISTANT PROGRAM

About the role

Our Allied Health Assistant role requires you to provide mobile and/or telehealth services to our paediatric and adult clients presenting with a wide variety of communication disorders in their home, school or daycare.

Program opportunities

- Flexible working hours
- Opportunity to gain practical and relevant experience in the field
- Work closely with our passionate and experienced Speech Pathology team
- Participate in our valued and rewarding in-house Professional Development program

JOIN OUR TEAM

Our Allied Health Assistant (AHA) pathway

1 You must be in your 2nd, 3rd or 4th year of a Bachelor of Speech Pathology degree, or have completed the first semester of a Masters of Speech Pathology degree

2 Be willing to undertake a Working with Vulnerable People check, Working with Children check and Police check

3 Provide us with a reference from your clinical educator

4 Provide current proof of enrolment in a Speech Pathology degree

5 Have a valid driver's licence

OTHER REQUIREMENTS

- Your own car to travel between appointments
- A mobile phone and iPad/laptop for note taking
- A passion for our practice, our clients and the desire to engage in our longer term career pathways
